

FOOT PEG ADAPTERS - OVERVIEW

KURYAKYN

Model specific adapters are required for mounting Kuryakyn pegs, mini boards and passenger boards that are sold without adapters. If you require splined or tapered adapters, it depends on the foot peg / floorboard.

Splined adapters

Splined adapters allow riders to rotate to the preferred foot angle through the extended splines that mate with the grooves on the pegs or boards. Unwanted rotation is prevented.

Tapered adapters

The tapered male end is available in standard, serrated or adjustable stop styles, allowing infinite adjustment.
