

INSTALLATION

L.E.D. LICENSE PLATE ILLUMINATORS 9398

PARTS INCLUDED

- 1 Pair L.E.D. License Plate Illuminators with Red Accent Light
- 2 1/4"-20 Hex Nuts
- 2 1/4" Split Lock Washers
- 1 Installation Instructions

Please read and understand entire instructions before starting installation.

THANK YOU FOR CHOOSING KÜRYAKYN!

IN ORDER TO PROTECT YOU AND OTHERS FROM POSSIBLE INJURY AND/OR PROPERTY DAMAGE OR LOSS, PLEASE PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS AND ATTENTION NOTES REGARDING THE USE AND CARE OF THIS PRODUCT.

WARNING! THIS INDICATION ALERTS YOU TO THE FACT THAT IGNORING THE CONTENTS DESCRIBED HEREIN CAN RESULT IN POTENTIAL DEATH OR SERIOUS INJURY.

ATTENTION! This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality.

CAUTION! This indication alerts you to the fact that ignoring the contents described herein can result in potential injury or material damage.

TOOLS SUGGESTED

Set of Combination Wrenches, Wire Cutter/Crimper, Appropriate Crimp Connectors or Soldering Iron, Solder, Heat Shrink,

STRICTLY OBSERVE THE FOLLOWING GUIDELINES IN ORDER TO USE THE PRODUCT PROPERLY AND AVOID POTENTIALLY DANGEROUS ACCIDENTS.

STEP 1 Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition.

ATTENTION! A factory service manual may be helpful in performing this installation. Do not attempt to perform this installation if you are not confident in your ability to complete all of the steps in the procedure; consult a trained technician.

ATTENTION! The intent of the L.E.D. Red Accents in the License Plate Illuminators are as supplemental lighting only. Any other use may be in violation of Federal, State or local regulations.

LIMITED WARRANTY

Küryakyn warrants that any Küryakyn products sold hereunder, shall be free of defects in materials and workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

- Küryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
 - The product must be properly installed, maintained and operated under normal conditions.
 - Küryakyn makes no warranty, expressed or implied, with respect to any gold plated products.
 - Küryakyn shall not be liable for any consequential and incidental damages, including labor and paint, resulting from failure of a Küryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Küryakyn and a customer.
- Küryakyn products are often intended for use in specific applications. Küryakyn makes no warranty if a Küryakyn product is used in applications other than intended.
- Küryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'S contained in components of Küryakyn products will be warranted for defects in materials and workmanship for 3 years from the date of purchase where as all other components shall be warranted for one(1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.

• Küryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Küryakyn. Küryakyn will pass on all warranties made by the manufacturer and where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.

STEP 2 Remove one of the fasteners securing the license plate to the plate mount and replace it with one of the Plate Illuminators. PIC 1 Secure the Illuminator using one of the 1/4" lock washers and hex nuts. **DO NOT** over-tighten! The Illuminators have a hollow threaded portion to allow the wires to pass through. Repeat for the second Plate Illuminator.

ATTENTION! It is the installer's responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Küryakyn will not issue a warranty on components lost due to improper installation. Periodic maintenance may be required.

STEP 3 Determine if you would like the RED L.E.D. Accent to operate with the running, turn or brake lights. Using the wiring schematic or a test light, determine the running light circuit to power the License Plate Illuminator's L.E.D. light. Determine a ground wire or source. Determine the power wire for the L.E.D. Accent—running, turn or brake.

**WHITE
RED**

CAUTION! Avoid potential electrical shock! Disconnect the battery before starting this procedure.

STEP 4 Disconnect the battery and splice the wires from the License Plate Illuminator to the chosen function wires. The wire color and function of the Illuminators is:

RED WIRE — POWERS THE RED ACCENT L.E.D.

WHITE WIRE — POWERS THE WHITE LICENSE PLATE L.E.D. ("keyed" power)

BLACK WIRE — GROUND WIRE

NOTE: Küryakyn recommends using solder and heat shrink when splicing the License Plate Illuminators into your OEM harness.

STEP 5 Secure all wiring out of harms way. Reconnect the battery, turn the motorcycle "on" and test that all lights work correctly.

WARNING! ENSURE PROPER LIGHT OPERATION BEFORE RIDING THE MOTORCYCLE. VISIBILITY IS A MAJOR CONCERN FOR MOTORCYCLISTS. A LIGHT MALFUNCTION COULD RESULT IN DEATH OR SERIOUS INJURY.

ATTENTION! Secure all wiring away from any moving parts, pinch points or extreme heat. Küryakyn WILL NOT issue a warranty on any electrical component that fails due to pinched, crimped, broken, abraded, melted or frayed wires.
