

MOUNTING SUGGESTIONS:

Harley-Davidson® FL Touring 2008-2017 Perewitz Signature Solo

Hardware (Included):	Studded fender bracket Zinc washer Slotted mounting nut
Tools needed:	Phillips screwdriver 7/16" open-end wrench

Removal of Stock Seat:

Two-piece stock seat:

1. Remove the rear 1/4"-20 fender screw with a Phillips screwdriver.
2. Slide the rear seat back and up.
3. Remove the two nuts holding the solo in place.
4. Carefully lift the back of the driver's seat up and back to disengage the front bracket and remove the seat.

One-piece stock seat:

1. Remove the rear 1/4"-20 fender screw with a Phillips screwdriver.
2. Remove hand strap that is secured to the motorcycle on each side of the seat where the front saddlebag mount is located.
3. Slide the seat up and back to disengage the front bracket and remove the seat.

Installation of Perewitz Signature Solo:

1. Remove any seat supports from the frame rails and be sure wiring is routed along the inside of the frame rails.
2. Place the zinc washer onto the bracket stud and then secure the slotted mounting nut to the stud.
3. Install the mounting bracket assembly to the fender studs with stock hardware. The L-shaped hole should point toward the rear of the motorcycle.
4. Position the solo over the frame and fender. Lower the notched hole in the baseplate over the mounting nut.

5. Once the solo is in position, slide it back as much as possible so the baseplate firmly and tightly engages the mounting nut.

6. If there is a gap at the dash, remove the solo and reposition the fender bracket farther forward.
